Displacement conbined

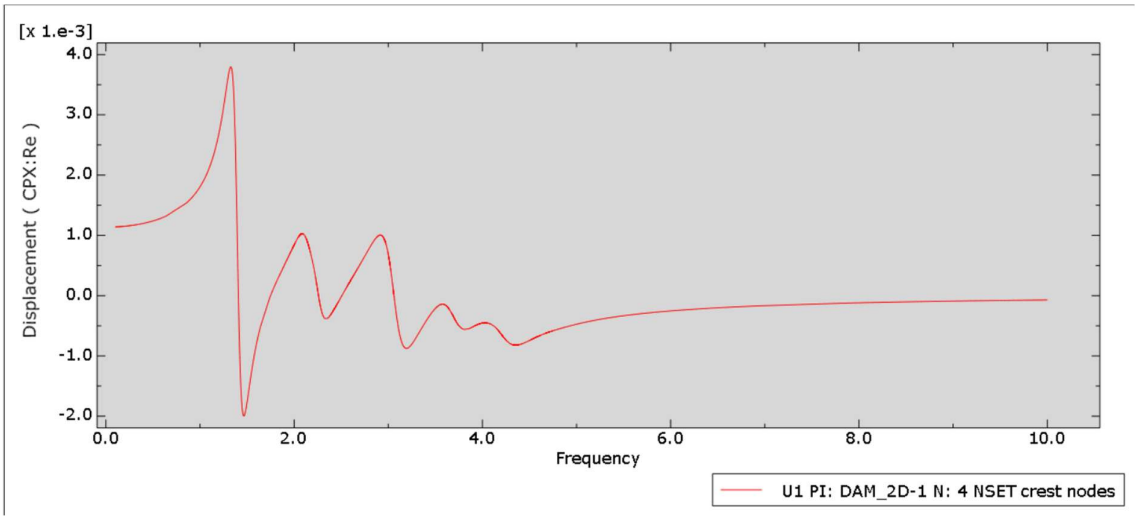

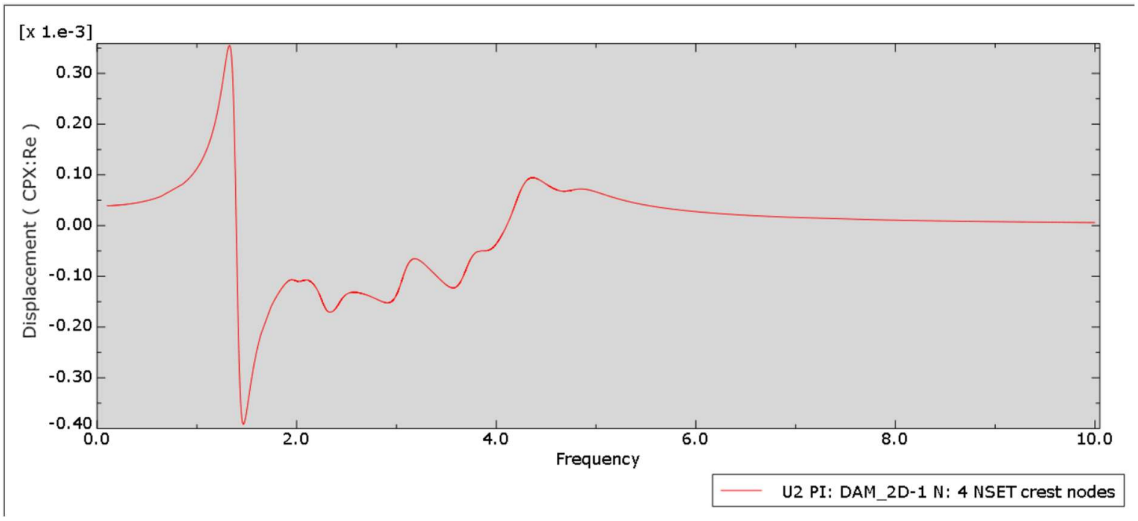

Under load-

Edit Load
Name: Load_Harmonic_Crest
Type: Concentrated force
Step: Step_Harmonic (Steady-state dynamics, Modal)
Region: crest nodes
CSYS: (Global)
Distribution: Uniform
f(x)
CF1: 100000 + 0 i
CF2: 0 + 0 i
Amplitude:
Note: Force will be applied per node.
